

# Heart Center

Heart disease remains the nation's No. 1 killer. Through its clinical partnership with the Minneapolis Heart Institute®, the Ridgeview Heart Center provides community members with advanced cardiology services and procedures close to home.

## Here's a look at your generosity in action:

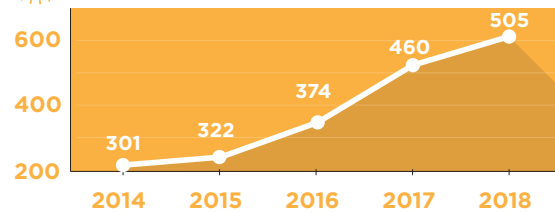

### ENHANCING VASCULAR SERVICES

We've added services to help treat our patients with varicose veins, including sclerotherapy and stab phlebectomy.

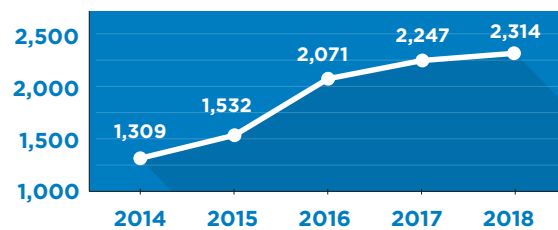

### GROWING TO HELP PATIENTS

In late 2018, we expanded the Ridgeview Heart Center in Chaska by adding 5,300 square feet to provide a more positive patient experience.

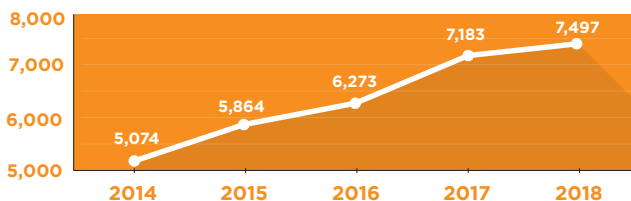

### 68% CATH LAB 5-YEAR TREND

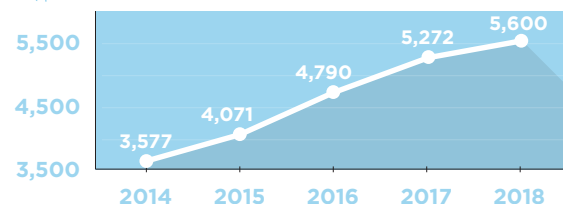

### 79% INPATIENT 5-YEAR TREND

### 48% 5-YEAR CLINIC VISIT TREND RIDGEVIEW, TWO TWELVE & LAKEVIEW COMBINED

### 57% ECHO PROGRAM 5-YEAR TREND
